MEMORANDUM FOR: Howard Stoertz, Jr.
NIO/SP

SUBJECT : Interagency Study on Soviet
Strategic Land-Mobile Missiles

You asked about the status of the study on Soviet strategic land-mobile missiles. [redacted] informs me that the DIA draft is a short piece which deals primarily with SALT implications and is not suited for an NIO Study. The OSR draft has been revised and is being sent to [redacted] in DIA for his review this week. When this review is completed, [redacted] will confer and make a recommendation concerning the disposition of the study. It will become either an Interagency NIO Study or an annex to NIE 11-3/8-74.
